A HEARTY BIRTHDAY WISH!

You have come a long way! 80 years and you are still marching and pressing on. You have not betrayed the one who sustains you. Whenever I think of the number of people you have helped to rescue for Christ, I shout Hallelujah because of overwhelming joy! Your name and impact is written and felt throughout all Africa and beyond! No doubt, you have lost count of the number of times you have been air and seaborne from the US to Africa and other lands for Christ and His course. In SBS, Jos alone, how many people have come and gone with the Gospel of Salvation to various corners of the world to give others courtesy of your efforts? - Chad, Niger, Cameroon, Guinea, Uganda, Zimbabwe, Sudan, Bangladesh, Scotland (there are some I don't know of). God is happy with you; no questions! You are a highly useful tool to God! What will God do with His tool? He will oil, grease, polish and preserve it. So, may God keep you safe in His palms. May you reap the wondrous fruit of what you sow. Africa and the world entirely rejoice because of you. You have done more than enough to glorify God. Speaking as a man, I pray your mansion above be the best because you have done marvelously for the Lord. Happy Birthday, the Octogenarian, Missionary Par Excellence, Preacher of the Word, Brother in Christ and US Naval Veteran, Steven Lane Worley. Many happy and useful returns. Enjoy!

Jacob Akerigba

2007 Graduate

A NEW OCTOGENARIAN

I want to thank all of you who have supported our work in Africa these last 36 years. Our Lord has allowed us to make friendships that can only be forged in love by working in His vineyard. He has continued to grant us marvelous events to witness in His kingdom. Dee asked me recently when I planned to retire. My answer was, “when I get too sick to travel then we can start writing the history of the Lord's work in Northern Nigeria”.

I see life through a much broader lens than most people. I was born in North Carolina, and after World War II, I was raised in Ohio. My life from 17 to 39 years old was spent in the U.S. Navy. (11 years as a sailor then 11 years as a Christian sailor.) After spending a year in the war in Vietnam we lived in Italy and Scotland where we started congregations.

After retirement from the Navy and graduation with a degree in Bible from IBC in Florence, AL, we have spent the last 35 plus years working in Africa. I am booked to work in Africa from later this month until June. Please keep us in your prayers. Thanks to all of you who have given so much love and kindness to making our lives such an enjoyable blessing. Included in this issue are some pictures we have taken through the years of the many brethren who have blessed our life.

In Christian love, Steve and Dee Worley
